NASA SEWP VI

Solutions for Enterprise-Wide Procurement

Contract Holder

SEWP OVERVIEW

NASA SEWP VI – The NASA SEWP (Solutions for Enterprise-Wide Procurement), pronounced "soup", provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. SEWP VI (Solutions for Enterprise-Wide Procurement VI) is a multi-award, indefinite-delivery/indefinite-quantity (IDIQ) GWAC that provides federal agencies with streamlined access to IT products, enterprise services, mission-based solutions, cybersecurity, cloud, AV, and engineering support. As an OMB-authorized GWAC, the SEWP contracts are utilized by all Federal Agencies. We encourage customers to utilize SEWP VI as an all-encompassing solution for their IT procurement needs.

Significance, Inc was awarded SEWP VI contract as a Woman Owned Small Business (WOSB). Category C — IT Mission-Based Services: Engineering, consulting, mission support, data-intensive services. - Ordering period is Nov 1, 2026 – Oct 31, 2036.

FAIR OPPORTUNITIY & REQUESTS FOR QUOTES

FAR 16.505(b) (1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding $10,000 and issued under multiple award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the Contracting Officer (CO) and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP Quote Request Tool (QRT) will automatically include the Contract Holders within a selected Group or based on a suggested source.

WHAT'S IN SCOPE FOR SEWP VI?

SEWP is designed to provide a broad suite of Information Technology, Communication and Audio Visual (ITC / AV) solutions and services. Technology is ever evolving and for that reason SEWP's processes enable our Contract Holders to add new commercial technology and IT services to their contract daily, as requested by our customers. The focus of SEWP is on the full suite of technology offerings that simplify Governmental access and industry offerings across the entire IC/AV solutions and services landscape. SEWP is composed of three (3) scope categories detailed below. If you would like SEWP to determine if your requirement is within scope of the SEWP VI contract, please send an overview and/or bill of materials (BOM) to help@sewp.nasa.gov and we will quickly review and provide feedback.

The SEWP Contracts were awarded by scope category; the three categories are:

- **Category A - ITC/AV Solutions**
- **Category B - Enterprise-Wide ITC/AV Service Solutions**
- **Category C - Mission-Based ITC/AV Service Solutions**

ORDERING PROCESS

The internal ordering process of each Agency varies. The process and accompanying forms for Purchase Requests (PR) and Delivery Orders (DO) that are an issued against the SEWP contract are defined by the issuing Agency, not the NASA SEWP Program Management Office (PMO). The typical process is for an end-user to determine a requirement and generate a Purchase Request (PR).

The PR along with any necessary funding information is sent to that Agency's procurement office with results in the issuance of a DO. Any valid Federal Agency DO form, and the associated Delivery Order number may be used. The NASA SEWP Program Management Office (PMO) does not issue Dos – these must be issued through the issuing Agency's Procurement office. The SEWP Program Management Office (PMO) reviews, processes and tracks issued DOs and forwards them to the Contract Holder(s).

Some Agencies have special requirements for issuing IT Delivery Orders. It is the Issuing Agency's Contracting Officers' (COs/KOs) responsibility to be aware of any Agency-specific policies regarding issuing orders via an existing contract vehicle and Government-Wide Acquisition Contracts. There are no requirements under the SEWP Contracts for issuing Agencies to use other intermediary procurement offices, except as directed through their own internal policies.

Agency Administrative Handling Fee, not to exceed .34 % of the total price of the delivery order, shall be applied to all orders under the SEWP VI contracts. SEWP fee is included within the total amount of the quote inclusive of all costs including handling, and travel costs. The fee shall NOT be listed separately on quotes or orders. The fee must be included in the price of the quoted offerings.
